**Training Director's Report**

Hello from your Training Center! Journeyman Training classes are ongoing now with Codeology taking place this month. As always, sign-up sheets for classes offered are available at the Union Hall and the Training Center. This years' apprenticeship class has now been filled, but I will continue taking apprenticeship applications throughout the year and the next aptitude testing and interviews will be in 1 months' time, so if you know of any good candidates please keep sending them to me. I would also like to encourage any of our members that have some interest in instructing here at the JATC next year to give me a call.

As always, please contact me if you have any suggestions or questions.  
I can be reached at 419-229-2775 or [paul@limajatc.com](mailto:paul@limajatc.com)

We proudly announce the  
**Class of 2019**

**Apprentice Graduates**

**The Ole' Guys**

June, the year is almost half over already and the farmers haven't got their corn planted yet. This was one topic of conversation in the meeting this month.

One of the things that we had to visit about was, of course, some of the old jobs we were on and the funny things that happened. There was quite a bit of stuff that we can't put in the newsletter, so we will just go from there. Hope to have more guys at the next meeting.

The meeting is the second Wednesday of the month, 2:00P.M. at the union hall. Cookies and soft drinks are provided. All retirees are welcome.

**Things to think about:**

I like my middle finger best because it always sticks up for me!

My people skills are just fine. It's my tolerance to idiots that needs work.

Teach your daughter how to shoot, because a restraining order is just a piece of paper.

Oops did I roll my eyes out loud??

**And finally:**

If there's a speed of sound and a speed of light, is there a speed of smell?

R. S.
